

PERFORMANCE GROSS TOTAL RETURNS VARIOUS BISON BOND PROGRAMS FOR THE YEAR ENDED 12/31/07

Bison Bond I	+10.91%
Bison Bond II.....	+21.69%
Bison Bond III	+9.97%
Bison Bond IV	+14.06%
Bison Dollar V	+27.08%

Descriptions of the above programs are available on our web site, with the exception of Bison Bond V, which was initiated on a real-time beta test basis using our chairman's personal money 7/1/06. Prior to that, it was not funded. Bison Dollar V uses no-load mutual funds, one of which goes long the U. S. dollar, and the other short.

Disclosures: *The individual account performance figures reflect the reinvestment of dividends and capital gains, and are net of maximum CPAI fees. Past performance may not be indicative of future results and does not guarantee positive returns. The performance results for 1991 through 2004 have been independently compiled by CPAs from information provided by CPAI, 2005-2007 are pending. Any illustrations should not be construed as an indication of future performance, which could be better or worse than the period illustrated. The period from 1991-2007 was one of generally rising bond prices. The period from 1991-1999 was one of generally rising stock prices. The period from 2000-2002 was one of generally declining stock prices. The year of 2003-2007 was one of generally rising stock prices.*
